

Maximize Tax Savings and Boost Productivity!

Upgrade Your Office Technology with IRS Incentives

With current IRS incentives available, you can reduce taxes and upgrade your office MFP and copier technology, boosting your office's efficiency and productivity.

Key Tax Benefits:

◆ Section 179 Deduction (2024: \$1,220,000)

- Deduct the full price of equipment purchases, up to \$1,220,000.
- Total equipment purchase limit to be eligible for deduction: \$3,050,000.
- Applies to new and used equipment acquired and put into service between 1/1/2024 and 12/31/2024.

◆ Bonus Depreciation (2024: 60%)

- Enjoy 60% bonus depreciation on new and used equipment throughout 2024.

◆ Section 179 Tax Deduction Essentials:

- Allows full deduction of qualifying equipment and software.
- Encourages business investment.

◆ Qualification:

- All businesses with a total qualifying equipment spend of under \$4,270,000 for the 2024 tax year.
- See [section179.org](https://www.irs.gov/section179) for qualifying equipment.

◆ Eligible Equipment:

- Machines, computers, software, office furniture, and vehicles for business use.

◆ Maximize Savings Tips:

- Leverage Section 179 Qualified Financing for full deductions.
- Consider non-tax capital leases to preserve cash flow.

◆ Calculate Your Savings:

- Use the [section179.org](https://www.irs.gov/section179) calculator for accurate estimates.

◆ Claiming Deductions:

- Complete IRS Form 4562 to elect Section 179; not automatic.

◆ Annual Utilization:

- Leverage Section 179 every year for eligible expenses and depreciation.
